

Westminster Public Library Downloadable eBooks For Nook, Kobo and Sony eReaders

What do I need to use Library eBooks on my Nook, Sony or Kobo eReader?

- Westminster Library card
- Computer with Adobe Digital Editions installed
- Access to the Internet

If you want to download and transfer to an eReader you will need a compatible eReader. Additional supported eReaders are added often. For a list of all compatible devices, visit: <http://www.overdrive.com/resources/drc/Default.aspx?type=ebook>

Download & Transfer Instructions:

- **Step 1. Download required software**

Overdrive eBooks are Adobe® ePub format and require the installation of Adobe Digital Editions software on your computer. You can download this software from our website. Go to: <http://frontrange.lib.overdrive.com>. On the left side navigation column, scroll down to the word Software (near the bottom).

Click on **Adobe Digital Editions** and download and install this software. You will be asked to create an Adobe ID during the download of Adobe Digital Editions. Activate the Adobe Digital Edition software with your Adobe ID* -- this allows you to transfer eBooks to an eReader and use eBooks on multiple computers; if you bypass this step you will not be able to transfer a book to your device.

Plug in your eReader and follow the steps to activate/authenticate your reader. You must use the same Adobe ID on your device that you used on your computer.**

*To learn more about Adobe Editions and the use of Adobe IDs go to:

<http://www.adobe.com/products/digitaleditions/faq/>

** NOTE: Sony readers require the Sony Reader™ Library Software to be installed on your computer. The first time you plug in your eReader to your computer, you will be prompted to install Reader™ Library Software. Once installed, you should see the icon for your Sony Reader in the left hand pane of Adobe Digital Editions. You may have to re-open the application for the icon to appear the first time.

- **Step 2. Check out and download eBooks**

Browse the eBook collection at <http://frontrange.lib.overdrive.com>

Tip: Limit by format and check the box to 'search only available items'

Once a selection is made click "Add to Cart" and "Proceed to Checkout "

Click "Download". You may checkout 4 titles. Follow the prompts to open the book.

- **Step 3. Transfer to your device.**

With Adobe Digital Editions open, plug in your eReader. It will appear as an icon or link in the left-hand pane, below the list of bookshelves (e.g. borrowed, purchased, recently read). Click and drag your book title to the eReader icon or link in the left-hand pane. The book will be copied from Adobe Digital Editions to the eReader.

Unplug your device and read!

How do I return books?

To return Adobe eBooks early...

- Open Adobe Digital Editions.
- Select the 'Library View' icon (bookshelf icon in the upper left corner). Books you have downloaded appear in the right panel.
- Click the eBook you want to return.
- Click the 'Item Options' arrow (in the upper left corner of the selected eBook).
- Select 'Return Borrowed Item'.
- Click 'Return' to verify that you want to return the title.
The eBook is returned to the library collection. This will allow you to borrow again.
